EUROCHAM MYANMAR
YEAR IN REVIEW 2019

The voice of European business in Myanmar
This year has been another successful year in which EuroCham Myanmar was able to represent its members’ needs and concerns and actively contribute to a sustainable development of the local economy.

In times of violent clashes in the upper part of Myanmar, it is even more important to remind corporations of the responsibility they have towards the local community, and the influence they can have on environmental issues. I am proud to see the members’ strong support of the EuroCham Responsible Business Initiative (EMRBI) and help to leapfrog Myanmar’s economy towards a sustainable business environment.

The Myanmar-EU Economic Forum 2019 reached over 40% of the attendees representing the Myanmar government. This mirrors EuroCham’s strong reputation and relevance for the Government of Myanmar.

Myanmar’s economy is expected to grow by 7% next year. As the voice of European businesses in Myanmar, we will keep advocating for fair market conditions, that allow all stakeholders to benefit from economic prosperity.

My time as Chairman of the Board comes to an end. Within the three years in this position, I’ve seen tremendous efforts and advocacy successes. I want to express my deepest thanks to all people involved, and wish EuroCham, its members, and the country of Myanmar all the best for the future development.

BUSINESS SERVICES
BUSINESS DEVELOPMENT SERVICES

PARTNER IDENTIFICATION

If you are in need of local business partners (e.g. investment partners, distributors, importers or suppliers) we will scan our network for suitable prospects and provide a detailed list with contact details.

MARKET STUDIES

EuroCham Myanmar can share sector-specific information based upon the interests of your company through the use of market surveys. Additionally, the chamber provides relevant knowledge and data-gathering activities with the support of its members and connections, from the size of the existing market to key players within the industry as well as recent trends and opportunities to be found within the sector.

TRADE MISSIONS

EuroCham Myanmar is well-placed to find useful prospective partners to meet with, as well as to assist with the logistical aspects of the trip. Specifically, we make use of our extensive business network in Myanmar to identify companies that may be worthwhile for you to meet with.

Having secured the commitment of the prospective partner to meet with you, we make all arrangements for your visit (scheduling, transportation, accommodation etc.) and accompany you on the trip as facilitator, providing translation services where necessary. We have a strong knowledge of the Myanmar marketplace and are often able to provide technical advice on market oriented matters.
**BUSINESS CENTER**

EuroCham Myanmar disposes of generous office space specifically dedicated to an in-house “Business Center”.

European companies wishing to start a business in Myanmar can rent incubator space to initially map the business climate and their potential market opportunities, or even kick-off their operations in Myanmar.

As the financial cost for conducting these activities in emerging markets such as Myanmar is a key factor limiting the interest of SMEs, EuroCham’s Business Center will play a crucial role in meeting this basic need. Office space at EuroCham’s Business Center will be available for a limited period of time and will thus provide temporary accommodation not only to companies, but also to interested parties from Europe (e.g. trade missions, EU representatives, national chambers and commercial counsellors not having a presence in Myanmar).

**VIRTUAL OFFICE PACKAGE**

The virtual office service can provide the alternative professional image for your business, at competitive rates, which are charged on a monthly basis with flexible terms.

Benefits you can get:

- Postal mail reception, with a) optional email notification service upon arrival (self-pickup), or b) optional open, scan and send service
- Bilingual phone reception service (English/Myanmar) for incoming Business Centre calls, and email notification
- Preferential access to EuroCham services and Business Centre
- For the use of other EuroCham office infrastructure, additional fees will be invoiced monthly
  - conference room preferential rate
  - use of the printer.

OTHER SERVICES

IPR HELPDESK

EuroCham Myanmar is cooperating with the South-East Asia IPR SME Helpdesk to deliver regular updates on IPR in Myanmar and the ASEAN region. Through the provision of free information and services the helpdesk supports small and medium sized enterprises from European Union member states to **protect and enforce their Intellectual Property Rights (IPR)** to South-East Asian countries.

For further information and individual requests the South-East Asia IPR SME Helpdesk provides jargon-free, first-line, confidential advice on intellectual property and related issues, along with training events, materials and online resources. Individual SMEs and SME intermediaries can submit their IPR queries via email and gain access to a panel of experts, in order to receive free and confidential first-line advice within 3 working days.

To learn more about the South-East Asia IPR SME Helpdesk and any aspect of intellectual property rights in South-East Asia, please visit their online portal at www.ipr-hub.eu.

BUSINESS VISA RECOMMENDATION OR INVITATION LETTER

On behalf of your organisation, EuroCham Myanmar is eligible to apply for a business visa and can provide invitation or recommendation letters.

RECRUITMENT SERVICES

We can **promote your vacancies**, for as long as necessary, on our different media platforms:

- on the Jobs section of the EuroCham Website,
- on the EuroCham social media: Facebook and LinkedIn

EuroCham Myanmar will post and promote up to 5 job posts per year for Platinum members, up to 3 job posts per year for Gold members, and 1 job post per year for Silver members.

ADVISORY SERVICES

EuroCham has a strong knowledge of the Myanmar marketplace and can provide **technical advice on market oriented matters**. If you are in need of specific expertise, such as legal services, accounting services, or investment counsel, we can provide a list of contacts to assist you.

As a newcomer to Myanmar, I am very grateful for the outstanding support I got from EuroCham in getting networked with the business community, as well as in being introduced to the economic, political and social reality of my new home-country. Even more importantly, I was impressed by the effectiveness of EuroCham in actually sponsoring the interests of its members. The best and most recent example is the successful lobbying by EuroCham, on behalf of its members, regarding the new labelling regulations. The cost-avoidance in pack-mat scrapping that EuroCham delivered will pay for 100 years of membership!“

Christoph Vavrik
Managing Director of Carlsberg Myanmar

As a foreign company operating in Myanmar, we know that whilst the country can offer many opportunities, it also comes with its challenges. This is where being a member of EuroCham has been quite beneficial in a sense that we have like-minded European companies represented to exchange thoughts and experiences. EuroCham has also been able to open doors and provide the group access to both private and government bodies to bring many topics into attention.”

Flora Pintusoonthorn
Sales Manager at MAERSK Myanmar

EuroCham Myanmar is one of the most active advocacy forum, which works closely with Myanmar authorities in advocating policy reforms conducive to European businesses. This forum has also provided its members an opportunity to meet and interact with professionals from European companies in Myanmar from varied sectors, which facilitates insight of sectorial business and challenges being faced by these companies. EuroCham’s White Book is a good document to understand what reforms it is pushing for.”

Nishant Choudhary
Deputy Managing Director of DFDL

Since Lesaffre joined EuroCham more than a year ago, we feel really grateful for the support we have received so far. Advocacy group, events, forums, networking and business discussions with the EuroCham team make the challenges and difficulties easier to overcome. EuroCham is also a very valuable help when it comes to approaching authorities like the FDA or other ministers, which we won’t be able to approach so easily without their support. Last word but not least, the EuroCham team is a very friendly one, and it’s always a great pleasure to work with them !”

The term “advocacy” means that EuroCham supports its members in facilitating their business interests towards the Myanmar government. Through advocacy groups, companies represent their industry and express the industry’s concerns about unclear policies, implementation issues and other obstacles that hinder fair competition.

Advocacy aims to speak as a united voice for the entire industry, for the good of the industry, the local economy, and its people.

Suggestions and outcomes from advocacy activities will be compiled and presented in an annual EuroCham “White Book” to the Myanmar government. Together with other position papers that stem from advocacy activities, the White Book shall brief and support the Myanmar government in matters of labour standards, transparency and accountability or environmental issues and safety standards.

BUSINESS CONFIDENCE SURVEY

The Business Confidence Survey is a highly important tool to obtain valuable market data and creates a snapshot of the business sentiment in Myanmar. The survey aims to monitor economic developments and create a more transparent business environment in Myanmar. By creating factual data, EuroCham Myanmar endeavours to advocate the desires of European companies towards the governing entities.

The 2018 survey covered the business sentiment of 150 European companies active in Myanmar and investigated the issues and concerns these businesses face in the short-term. The survey further tries to detect ongoing trends based on experiences of European companies.

The year on year increase of participating companies indicates that the survey is a well-received initiative by EuroCham Myanmar.

BUSINESS GUIDES

EuroCham Myanmar's Business Guides highlight the opportunities and challenges in different market segments and provide market data, trends and market entry information to European investors interested in Myanmar.

WHITE BOOK

The White Book is a collective expression of the views of EuroCham Myanmar’s members, represented by the advocacy groups, on specific aspects of the business environment in Myanmar. The information and views put forward in the White Book are intended to promote a constructive dialogue and offer recommendations for the improvement of European-Myanmar business relations.

Compiled from white papers drafted by EuroCham’s advocacy groups, the White Book offers holistic and realistic recommendations to the heads of relevant ministries and departments of the Myanmar government, the Delegation of the European Union to Myanmar, ambassadors, consuls, and trade commissioners of the European member state missions in Myanmar, international, sectorial and partner organisations in Myanmar.

On a quarterly basis, EuroCham Myanmar, together with the 6 other European Chambers (BritCham, CCI France Myanmar, German Myanmar Business Chamber, Chamber of Commerce Italia - Myanmar, Norwegian chamber and SwedCham) organise a networking event that allows attendees to meet among business peers.

EuroCham Myanmar, together with the European Union Delegation to Myanmar, hold a series of Breakfast Briefings with the EU Ambassador to Myanmar to share details on the European Economic Diplomacy with European business companies in Myanmar. Members of EuroCham’s Advocacy Groups learn first-hand information about the business climate between EU and Myanmar and the anticipated implications for EU businesses.

On that occasion, Advocacy groups co-chairs also present to the Ambassador brief updates on the current state of affairs in their respective sectors in Myanmar.

The event is a continuation of an initiative from EuroCham to establish a regular consultation platform between the EU Delegation and EuroCham advocacy members.
EVENTS

EUROCHAM CONSTRUCTION FORUM 2019

ADVOCATING FOR HIGHER STANDARDS

EuroCham Myanmar, together with leading European companies represented in the Construction and Infrastructure Advocacy Group, organised the first EuroCham Construction Forum at Grand Mercure Yangon Golden Empire Hotel in Yangon on 22nd January 2019.

The general aim of the forum was to advocate for higher standards in the construction industry through discussing European best practices.

Moreover, the objective of the forum was to present an update on how the construction industry of Myanmar is moving forward, and to discuss the importance of a sustainable and innovative approach in supporting this transition.

BUSINESS CLIMATE IN UPPER MYANMAR

SHARING EXPERIENCES

EuroCham Myanmar, together with MRCCI, organised an event on Business climate in Upper Myanmar at the MRCCI conference room in Mandalay on 21st May 2019. The event was a focus on the challenges and opportunities in the upper Myanmar region.

The purpose of the event was to picture the current business climate in upper Myanmar, focusing especially on Mandalay. The gathering was an excellent opportunity for different business stakeholders to share their experiences on different business aspects, from the legal framework to supplies of utilities, including education and land titles.
FOSTERING DIALOGUES

EuroCham Myanmar hosted the third edition of its annual signature event on advocacy on the 5th of June 2019 in Nay Pyi Taw. The forum provided a platform for more than 500 business leaders and policy makers from the Union of Myanmar and Europe to interact and debate key business and trade issues.

The Myanmar-EU Economic Forum provided the EuroCham Advocacy Groups with the chance to publicly acknowledge the tremendous improvements in business regulations by the government, while pointing out remaining challenges and offering the support of European companies in tackling them.

Through this event, European companies acknowledged they would like to see a continued government effort in working constructively on an investment friendly business climate to attract foreign investment, create jobs in Myanmar and assure sustainable and inclusive economic growth.

This 3rd edition of the Myanmar-EU economic forum proved to be a great event for businesses to meet and share knowledge on how to improve the business climate and attract more investments.
Discussions revolve around the economic development of Myanmar and current business initiatives, trade affairs and European investment, and address key issues in the following sectors:

EuroCham Myanmar Year in Review 2019
On August 22, EuroCham Myanmar hosted its second Legal and Tax Breakfast Talk. Lately, the Myanmar Companies Law (MCL) brought significant changes to the investment landscape in Myanmar. One of these changes included the implementation of Directors’ duties, which was the topic of this talk.

A panel of legal experts consisting of Lingyi Quek (Resident Managing Lawyer, Dentons Myanmar), Eddy Jabnoune (Country Representative, Audier & Partners Myanmar), Bhawna Bakshi (Legal Advisor, DFDL), Guillaume Stafford (Head of Legal, METRO Wholesale Myanmar), and U Wunna Aung (Director, DICA) provided their insights and perspectives on what this change will entail for the investment landscape in Myanmar.

This panel discussion was followed by an interactive Q&A during which the attendees have had the opportunity to raise specific issues and get valuable insights.

The Legal & Tax Breakfast Talk is a newly introduced Breakfast Talk Series to be held on a quarterly basis.

On the 19th September, EuroCham Myanmar together with the Anti-Illlicit group organised the 2nd edition of the Anti-Illlicit Trade forum in Nay Pyi Taw. The event was attended by more than 140 guests, with the presence of H.E. U Soe Win, Union Minister of Planning and Finance, U Maw Than, Auditor General of the Union, Daw Myat Myat Soe, Commissioner of Anti-Corruption Commission, and U Aung Naing Oo, Permanent Secretary, Ministry of Investment and Foreign Economic Relations.

High-level government representatives and media were given a tour around an exhibition showcasing some smuggled and counterfeit goods available for purchase in many shops in Myanmar. Explanatory images of seized smuggled and counterfeit products were also displayed in order to assess the extent of illicit trade in Myanmar.

The event provided insightful outcomes, through panel discussions with regulation and enforcement bodies and roundtables exchanges on Agrobusiness, Beverages & consumer goods, Health and Intellectual property.

LEAPFROGGING INTO SUSTAINABILITY

At EuroCham Myanmar, we are convinced that the course of Myanmar’s economic growth needs to be aligned with social progress and environmental sustainability. To achieve so, Myanmar needs responsible and quality investments, as stated in the Myanmar Investment Promotion Plan.

We identified the undeniable value of European responsible business practices in Myanmar and thus created the CSR Advocacy Group in April 2017 to encourage the private sector to adopt responsible business behaviours. In 2019, the CSR Advocacy Group evolved into the EuroCham Myanmar Responsible Business Initiative (EMRBI), taking the promotion of responsible business to another level, and opening it to all our members.

The EMRBI provides EuroCham Myanmar members with a platform to exchange experiences and aims to foster positive mutual collaboration with corporations, government, non-governmental organisations and the general public. We aim to do so by organising talks and workshops where companies can share and transfer their practical expertise and know-how in managing business responsibly.

We are convinced that good practices can only be spread based on their effectiveness and their impact, creating a chain reaction in the service of a prosperous and fair economy in the country.

The EMRBI’s action plan is executed by EuroCham Myanmar’s executive team with a high level of consultation from an Advisory Steering Committee comprised of responsible business experts.

Every member of EuroCham can join the initiative and participate to the promotion of sustainable practices. To join the initiative, please contact: emrbi.associate@eurocham-myanmar.org

OBJECTIVES

Share EuroCham member’s insights, views and best practices about responsible business

Promote responsible and sustainable operations in Myanmar to the government and the broader business community

Encourage better integration of sustainability and responsibility in the daily operations

On the 21st March, EuroCham Myanmar team went to Botataung Jetty to clean the surroundings and collected 15 bags of trash.

EuroCham team is thrilled to have participated to the #TrashTag Challenge and to took action on this global phenomenon.

On July 10th, EuroCham Myanmar hosted a Breakfast Talk on how to address air pollution to echo the World Environment Day celebrated on June 5th.

Some of the topics covered were the opportunities to explore renewable energy and green technologies, the Myanmar Energy Master Plan, the recent increase in electricity prices, Yangon traffic, agricultural burning or the alternatives in solid fuels for domestic use.

The breakfast talk also featured a photo exhibition launched by the European Union delegation in Myanmar with the objective of raising awareness of the sources of air pollution and steps that can be taken to tackle them.
EuroCham Myanmar team would like to send its appreciation for Filip's dedicated energy, time, effort, and commitment in building and growing EuroCham Myanmar to what it is today. Over the last years, Filip's stewardship has been characterised by innovative ideas, strategic thinking and his tireless efforts to increase the credibility and visibility of EuroCham Myanmar in the region and beyond.

The recognition EuroCham Myanmar is benefiting today is a precious asset, and the relationships Filip has fostered with our partners, members and stakeholders will ensure the organisation prosperity tomorrow.

By all measures, EuroCham Myanmar has improved on his watch by cementing the confidence of the EU Delegation, increasing our memberships, building a growing team of young and committed talents, improving the financial stability and building a great relationship with EuroCham’s partners.

Thanks, Filip, for your dedication and the great job you have accomplished in your four-year term as Executive Director.

EuroCham Myanmar team wishes you the very best in your future endeavors.
